DIAGNOSIS

THE AUGMENTED CONSULTATION

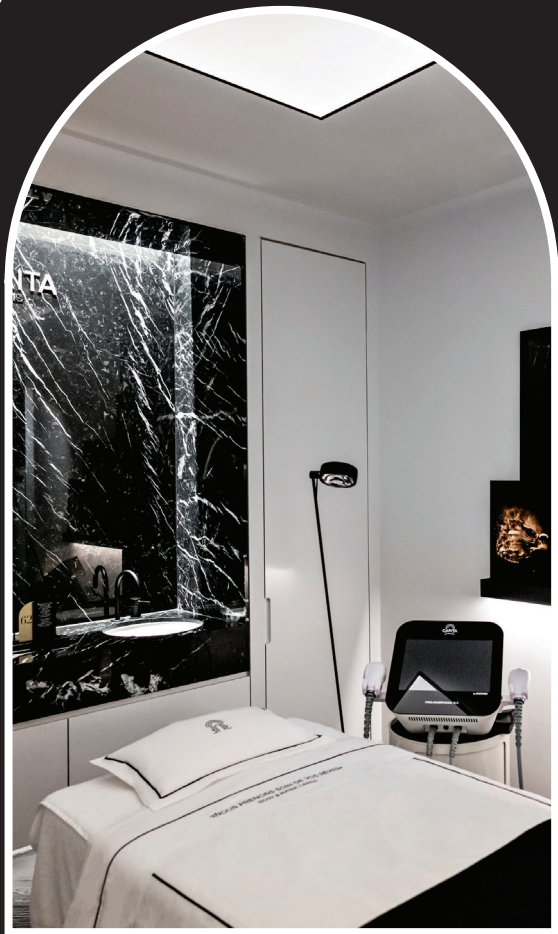

FOR AN EXCEPTIONAL PROFESSIONAL DIAGNOSIS, CARITA HAS CREATED THE AUGMENTED CONSULTATION.

Carita puts technology at the service of your beauty by using the Skin Aura Analyzer to perform ultra high-tech skin diagnoses.

The professional diagnosis is an essential step before undergoing a Carita treatment. It uses artificial intelligence and our specialists' savoir-faire to analyse and measure the skin's Aura based on 3 dimensions: texture, structure and colorimetry.

At the end of the augmented consultation, you will have a deeper knowledge of your skin, as well as recommendations for suitable services and routines.

NEW

OR REJUVENIC REGENERATING HOLISTIC TREATMENT

RE-ENERGISING, REGENERATING AND
BRIGHTENING EFFECT

A new immersive holistic treatment approach that stimulates the five senses for ultimate regeneration at many levels, from the cells to the psyche.

This treatment is amplified by a professional massage of the fascias, the fibrous envelope of the human body, essential for connecting the entire anatomical structure of the face. Designed to re-energise the cells of your epidermis at any time of day, thus making up for lost sleep or preparing the skin in order to boost its nocturnal regeneration.

Signs of age are reduced, and the face remodelled and smoothed.

The skin regains its bioenergetic capacity.

The results are amplified by using the Pro.Morphose R.F technology for its resculpting anti-age action.

Choreographed professional hand movements encourage fluid circulation by means of gentle effleurage and pumping actions with a draining effect, in order to soothe the skin and make it feel comfortable again.

HAIRDRESSING
AND HAIR CARE

TWO VISIONARIES OF HAIRDRESSING: MARIA & ROSY CARITA

*La Maison de Beauté, temple of Professional luxury
Hairdressing for 70 years.*

Maria and Rosy Carita were two talented female entrepreneurs in a male-dominated world.

Bold and intuitive, they revealed the auras of beauty icons from the world of film, theatre, dance and high society: Isabelle Adjani, Jane Fonda, Sophia Loren, Her Serene Highness Princess Grace of Monaco, Isabelle Huppert, Dalida and Sigourney Weaver.

They created “Deneuve blond”, a complexion-flattering shade that women found inspirational. They also created Françoise Hardy’s fringe, Mireille Mathieu’s iconic cut and Jean Seberg’s short cut, and delighted in going beyond hairdressing to reveal these women’s personalities.

HAIRDRESSING INTERLUDES WITH JOHN NOLLET

“Thanks to Carita, I’ve had a lifelong passion for hairdressing, excellence and the extraordinary.”

JOHN NOLLET

CARITA INSPIRED JOHN NOLLET AND INFLUENCED HIS DREAMS

As Creative Director of the Maison de Beauté, John Nollet lives his vision and reinterprets the iconic Carita looks to reveal each individual client’s unique personality and aura. With his sophisticated, stylishly-tousled aesthetic, this immensely talented hairdresser adds glamour and contemporary femininity to our Maison.

EYE AND LIP
BEAUTY

**“BENEATH THE HAIR,
THERE IS ALWAYS
THE LOOK IN
THE EYES.”**

The Carita sisters had a vision, a vision of head-to-toe beauty, and very soon they were offering eye beauty services to their clients.

EYE BEAUTY

EXPERTISE, PRECISION, TECHNICAL SKILL

Just like a haircut or hair colouring treatment, eye beauty treatments require a very precise set of skills in order to define and highlight the eyes.
